An insight into

23rd April 2019 at 11am—12:15pm

'We really are all connected'Tracy Mills will share her journey of discovery into genetic genealogy, DNA databases and what this has uncovered. Also touching on the research aspect of the database and how it is being used to identify genes for drug discovery and what the database can predict in terms of different traits - hair colour, sleep pattern etc ...

OUR AIM

- ◆ We aim to provide friendship, help, information and support, and a range of complementary therapies for our visitors.
- ◆ We aspire to be inclusive of those who may be living with cancer or who are in remission, whatever your beliefs.
- ◆ We also welcome family, friends and carers who are supporting them; we recognise that they too may need support.
